Terms of Reference

The Committee Shall:

1. Develop programmes and vocations that will project the University as a clear leader in Entrepreneurial Development Studies.
2. Integrate entrepreneurial theory and practice in curricula design and delivery.
3. Identify and liaise with appropriate University organs, initiate credible linkages in the area of entrepreneurship education and practice.
4. Identify needs and gaps in the external context in driving the research agenda of the University and skill development for students and interested persons in the society.
5. Provide a research and consultancy base for the development of the Centre's economic and business representation in projecting the University's model.
6. Make recommendations on the short, medium and long-term direction, role, structure and function of the Centre in its operations.
7. Work out programmes and projects to achieve development goals of the University, Nation, Continent and Global context.
8. Perform any other related responsibility that may be assigned by Management.
