Terms of Reference

The Committee shall:

1. Assess the editorial quality and content of the publications of the University such as publications of books, bulletins, scientific communication, magazines, and miscellaneous publications; and make recommendations to Management.
2. Ensure that all publications of the University are of high quality and are representative.
3. Consult with the editors of the various University publications concerning editorial policy.
4. Provide oversight functions for the administration and policy formulation for Trinity University Journals.
5. Monitor the implementation of (4) on the part of the Managing Editor and his/her Staff.
6. Make recommendations to Management on issues relating to the needs and adequacy of the publications of the University.
7. Advise Management on copyright policy and plagiarism and recommend sanctions in line with the University's policy on such matters.

8. Inform and educate Faculty and Staff on copyright and plagiarism through approved channels of communication in the University.
9. Perform any other assignment that may be given to it from time to time by Management.
